At HOPE, they aim to:

- a. provide university students in Davis with opportunities to engage and advocate for unhoused and/or low-income individuals
- b. empower local unhoused individuals by cultivating a supportive and judgment-free environment
- c. destigmatize homelessness by educating members of the greater Davis community on how to advocate for unhoused/low-income individuals

Some volunteer opportunities in HOPE include:

- Volunteering at local shelters and transitional housing around Yolo County
- Volunteering at our club's Showers Program, a program in which we host free weekly showers open to the public at a campus locker room
- Hosting various community events, such as our annual free haircuts event (Fresh Cuts Fresh Starts), our annual HOPE Mobility Fair to provide transportation resources, our annual Benefit Concert, and other events to further provide resources to community members
- Distributing refreshments and COVID-related health supplies to those living outside through street outreach

As a member of HOPE, you will have the opportunity to plan out and participate in our events while gaining experience in service and advocacy for unhoused individuals. Additionally, you will be able to implement new projects throughout the year that you believe will help our community members.
