

The Federal Highway Administration (FHWA) is recruiting Civil Engineers for the Professional Development Program (PDP)!

The Federal Highway Administration (FHWA) is calling Spring 2020 and recent graduates to come join the team! PDP is a 24-month, entry-level program that provides **on-the-job training, developmental assignments, and a leadership skills academy**. On-the-job training will be provided in one of [FHWA Field Offices](#).

Applicants must be willing to maintain geographic mobility while on the program. Signed mobility and service agreements are a condition of employment.

For more information and to apply, please view the following USAJOBS announcements:

FHWA.HAD-2020-0018:

<https://www.usajobs.gov/GetJob/ViewDetails/557656500>

FHWA.HAD-2020-0019:

<https://www.usajobs.gov/GetJob/ViewDetails/557658100>

Both announcements have an application limit of **100** which may be sooner than the closing date (**2/24/2020**). To learn more, please click [here](#).

Are you eligible?

Interested applicants must:

- Have (or open) an account in [USAJOBS](#).
- Be a recent graduate with an accredited Bachelor's Degree or Master's Degree in Civil Engineering: within the past two (2) years (six (6) years for veterans) **OR** a Spring 2020 graduate with a Bachelor's Degree or Master's Degree in Civil Engineering.
- Have superior academic achievement (3.0 GPA or above).
- Be willing to relocate and travel throughout the program.
- Have a resume and transcript ready in USAJOBS.
- Submit a completed application in USAJOBS, when the announcement is posted and open by the closing date.

Interested applicants can email fhwapdp@dot.gov for more information or scan the quick response code to join the mailing list:
