TECHNOLOGY LEADERSHIP SUMMER INSTITUTE

June 22 - July 31, 2020

UCLA Anderson's six-week Technology Leadership Summer Institute, derived directly from our world-renowned MBA curriculum, prepares undergraduates and young professionals for the new landscape of career opportunities in a rapidly evolving tech world.

Deepen your understanding of cutting edge technology topics while receiving 8-units of of UC credit:
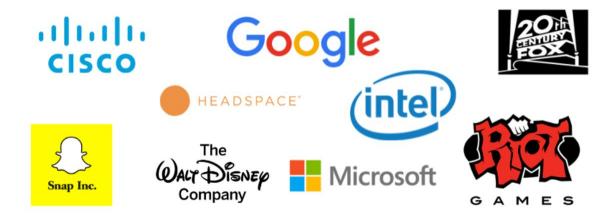

INNOVATION & DISRUPTION	ARTIFICIAL INTELLIGENCE (AI)	CLOUD COMPUTING
PRODUCT DEVELOPMENT	DATA SCIENCE	TECHNOLOGY LEADERSHIP

Engage with leading tech industry leaders

Beyond the classroom, you'll learn immeasurably through company visits and special speaking engagements, through which you'll get an insider view at some of the most legendary tech companies.

Companies that have either hosted us or spoken on campus for this program:
