Join The Land Group in the Boise area!

The Land Group is seeking applicants for a collaborative, 10-week paid internship position in the Boise, Idaho, area. TLG Integrated Civil Engineering Internship Program will offer mentorship and career development through observable construction projects in the fastest-developing regions. The intern will obtain field experience and a solid technical background that will become the foundation for a career in the civil engineering industry.

DEADLINE: March 3, 2023
